DZŪKIJA was founded in 1965. Since 1984 company is the largest biscuit manufacturer in Lithuania. Modern machinery and equipment in our production allow us to daily produce up to 10 tons of different kinds of pastry: biscuits, tree cakes (Baumkuchen), pies, tarts and other gourmets. To offer our gourmet customers to taste traditional and modern pastry, we implement new original recipes, created in cooperation with foreign specialists. To produce our pastry, we use only the highest quality of raw materials. We have a chain of pastry shops.

DZŪKIJA products include:

- Shortbread dough biscuits and pies of different shapes with / or without filling
- Liquid dough biscuits of all kinds, sugar biscuits, puff pastry biscuits
- Traditional spit cake, also named as tree cake (Baumkuchen)
- Holiday cake. Special orders are accepted
- Wafer rolls
- Chocolate and different kinds of icing. We make authentic black chocolate and all kinds of confectionery icing, chocolate bars, figures, dried fruits in chocolate, etc.

DZŪKIJA was approved for being qualified for the ISO 22000:2018 standard. We have implemented the HACCP system in the company.

Looking forward to establishing contacts with food products distributors and representatives of retail chains.

UHB GROUP'S activities cover a wide range of sectors, including agriculture, chemicals, logistics, and the food industry.

UHB FOOD supplies a wide variety of dried fruit as well as nuts, edible seeds, wheat thins and other food products. Our activities include import, export, wholesale, production and packaging of a wide range of products. Working with leading suppliers around the world, we source the best raw materials directly from the countries of origin, ensuring the highest quality and competitive prices. We are a trusted partner for companies of all sizes and our products are currently sold throughout Europe.

Looking for the best raw materials directly from countries of origin, and establishing contacts with food products distributors and representatives of retail chains.

TOKA FOOD company's main activity is the trading of meat and meat products. We are supplying not only raw meat but also developing ready-to-eat products according to the customer needs.

We trust that providing the right raw materials is one of the essential missions of Toka Food. Our assortment includes raw meat of any kind but also ready to eat products like nuggets, burgers or any other you name it.

We supply meat products so that the food placed on the table would make a talk.

Looking for cooperation with meat product producers and distribution companies.

Kauno Grūdai

AB „KAUNO GRŪDAI” – a food, compound feed, and premix producer based in Lithuania with over 130 years of history. The company’s activities encompass the production of flour, instant products, ready-meals, compound feed & premixes, raw material trading. We take pride in overseeing every step of production to ensure the highest quality products and professional services.

AB „KAUNO GRŪDAI” is a part of the Akola Group, the largest food company in the Baltics, with a fully integrated supply chain, from field to table.

Our compound feed and premix production began in 1993. In addition to supplying our own farms, we also produce and supply high-quality premixes and compound feed to partners to more than 23 countries both within and outside the EU. Premix production plant is GMP+ certified, and all materials are sourced from trusted, certified suppliers and undergo rigorous testing upon arrival to guarantee the highest quality feed and premixes.

With strong technological expertise and the experience gained from working with our farms, we provide valuable consultations to our partners, offering active support and guidance throughout the entire process and helping them to achieve their goals with tailor-made recipes.

AB „KAUNO GRŪDAI” is seeking strategic partners in the Czech Republic who are interested in starting a collaboration and trying out our tailor-made premixes. We are looking for companies such as compound feed manufacturers, integrated animal farms, distributors of premixes.

INDUSTRY AND CRAFTS

Conatus is a design, technical supervision company that offers practical design solutions and provides quality services in the construction industry. Our experience has been gained in the international market – we have completed a number of projects in Lithuania, Belarus, Ukraine, Sweden, experience has also been gained by participating in construction projects in Latvia and Estonia.

Conatus strives to create unique projects that meet the requirements of the Customer. We carry out work with modern design tools - we design in a 3D environment, creating a building information model (BIM). In this way, we avoid human errors, such as inaccurate calculations of materials, dimensions, intersections of utilities, etc.

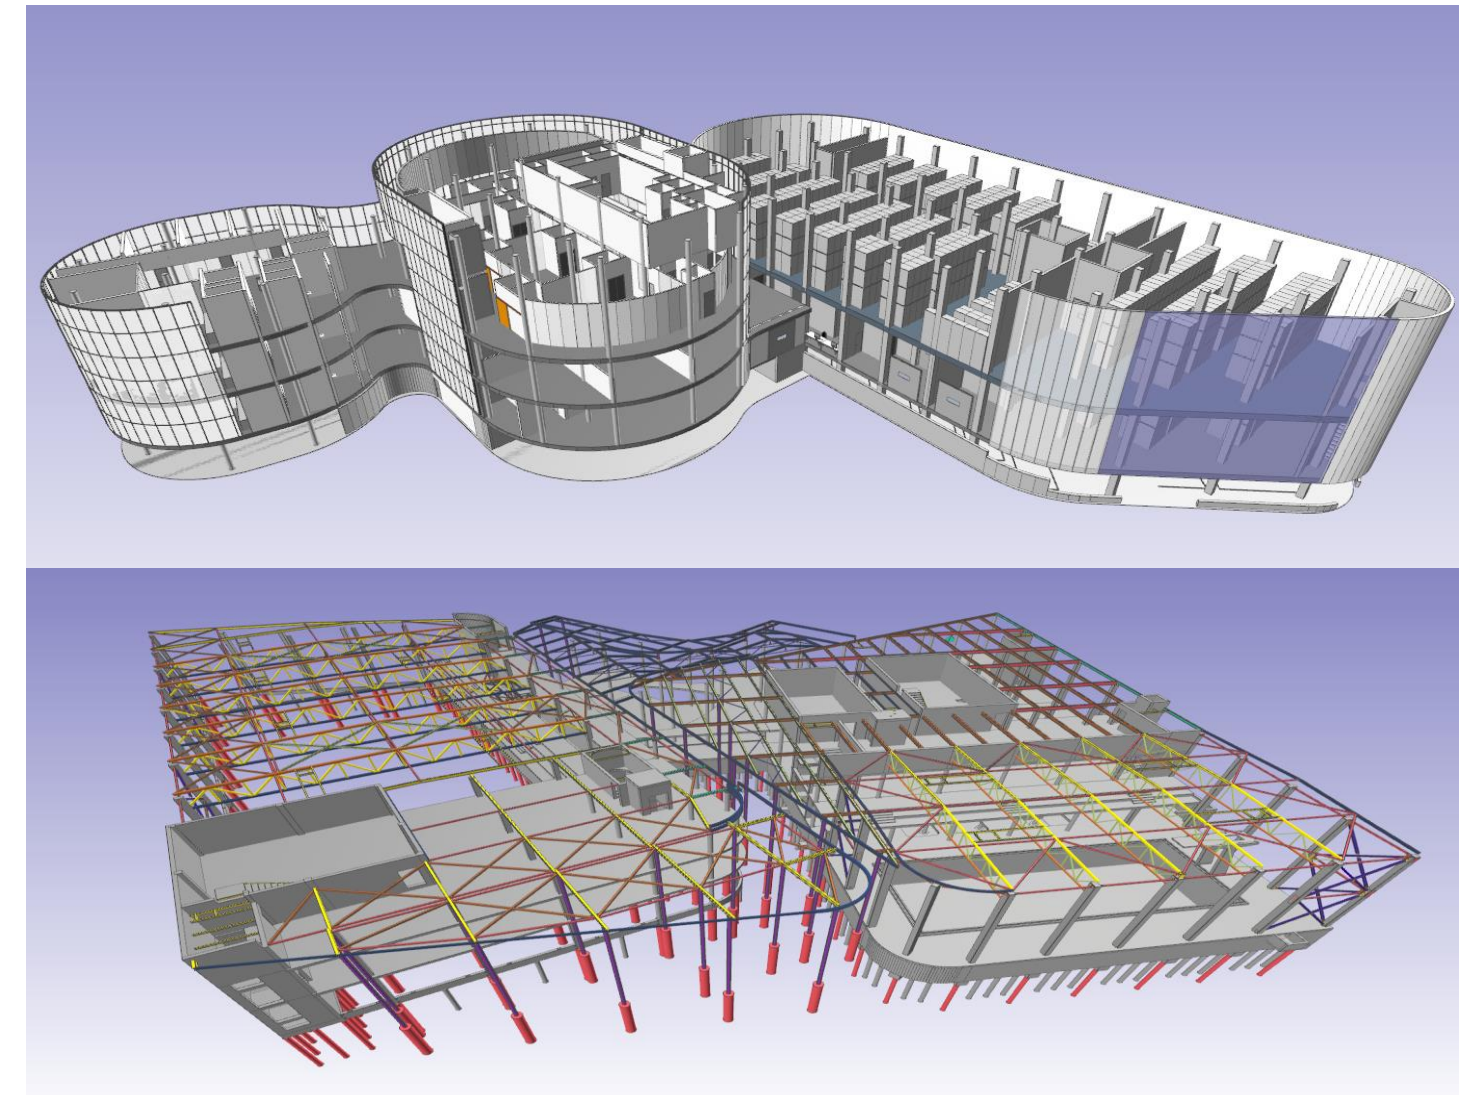

Conatus vision is to carry out design work according to the established system, on time and with high quality, saving the Customer's time.

Our Values are the culture of service, the quality of design solutions, compliance with agreements.

The main activity of the company is structure design. We provide different types of structure design:

- Precast concrete;
- Monolith concrete;
- Steel structures of all types for all types of buildings;
- Timber houses, frame houses;
- Masonry structures;
- All types of foundations;

We design structures for all types of buildings: residential and apartment houses, offices, logistics, supermarkets, factories, kindergardens, reconstructions of hospitals, schools and other public sector buildings.

CLASSIC LINE DECOR offers home decor and decoration solutions and an e-shop assortment of classic wall and ceiling decor products:

- Ornamented ceiling rosettes
- Ceiling moldings
- Panel moldings for walls, skirting boards

Main activities:

- Wholesale trading
