

Romanian clothing manufacturer is interested to sell its factory

Short Summary

The Romanian company is experienced in manufacturing clothes for women, men and children and is interested in selling the factory, including machinery, buildings, land and contracts.

Full Description

Established over 70 years ago, the company is one of the first shirt factories in Romania. Having qualified staff and using high-quality raw materials, the company established itself as a competitive producer of men's shirts and ladies' blouses, both on domestic and foreign markets. The company is a partner for prestigious companies from Germany, Italy, France, Denmark, Australia, etc.

The experience of its staff, as well as the exceptional technical equipment, consisting of sewing machines of Japanese origin brand "Juki", installations for ironing "Veit", presses for hot glue "Kannegieser", embroidery machines with electronic control brand "ZSK", computer-aided design systems, led the company to success. The company is also using renewable energy provided by solar panels.

Currently, the products of the company are sold in their own stores in Romania and on its website, or through various customers.

The company produces in lohn system and complete product also. In the framework of the stated basic activity, namely the production and sale of textile garments, the company is active in the outerwear market segment for women, men and children: shirts, blouses, skirts, unlined jackets, overalls, pajamas and dresses. We are also producing uniforms for the Police, Army and different institutions from different countries. We are also manufacturing pillows and bed linen.

The company purchases the raw materials from local companies and from companies in the European Union and Turkey. The main business partners are from Germany, Italy, Spain, France, US, etc.

Advantages and Innovations

Sewing machines of Japanese origin brand "Juki", installations for ironing "Veit", presses for hot glue "Kannegieser", embroidery machines with electronic control brand "ZSK".

Stage of Development

- Already on the market

Tarnava SA, founded in 1949, is a Romanian share-holding company. We are located in Sighisoara, in the middle of Romania. We are very experienced in manufacturing products in light- to medium-weight fabrics. We produce in CM, CMT or full business shirts, blouses, skirts, dresses and jumpsuits. We manufacture satin, tencel and cotton pillows and bed linens.

We also produce uniforms for the police, uniforms for army, police, hunters, uniforms for hotel and restaurant employees, uniforms for casinos, uniforms for students, etc and also for the IT industry. We produce overalls with booths, masks, t-shirts etc for the processor-assembling industry.

We are very reliable, fast and are flexible with quantities and delivery terms.

Our list of clients include brands like: Peuterey, Max Mara, Luisa Cerano, Maison Kitsune, Maison Margiela, Poleo uniforms, Red Corp uniforms etc.

We are producing in “full business” with fabrics from Italy, Nederland and Turkey.

We can also also produce personalized shirts and blouses (design, embroidery or printing made after the wishes and needs of the client).

The delivery follows usually in 3-4 weeks after receiving all the technical details and accessories.
